**DETAILED ACTION**

***Reissue Applications***

1. Applicant is reminded of the continuing obligation under 37 CFR 1.178(b), to timely apprise the Office of any prior or concurrent proceeding in which Patent No. 6,253,198 is or was involved. These proceedings would include interferences, reissues, reexaminations, and litigation.

Applicant is further reminded of the continuing obligation under 37 CFR 1.56, to timely apprise the Office of any information which is material to patentability of the claims under consideration in this reissue application.

These obligations rest with each individual associated with the filing and prosecution of this application for reissue. See also MPEP §§ 1404, 1442.01 and 1442.04.

The patent has expired due to the failure to pay the required maintenance fees. Thus, this Reissue cannot be allowed and all claims must be rejected under 35 U.S.C. 251 as lacking basis for reissue because by statute, a reissue application can only be granted for the unexpired portion of the term of the original patent.

See MPEP 1415.01 [R-3].

2. Claims 1 – 14 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
